Notes to the interim condensed financial statements

1 General information

Special Closed-Ended Type Real Estate Investment Company INVL Baltic Real Estate (hereinafter 'the Company', previous name AB Invaldos Nekilnojamojo Turto Fondas, code 152105644) is a joint stock company registered in the Republic of Lithuania. It was established on 28 January 1997. On 17 August 2015 the parent entity AB INVL Baltic Real Estate (hereinafter 'the Former Parent Company', code 30329973) was merged to the Company, which continues its operations under the name INVL Baltic Real Estate.

On 22 December 2016 the Company was issued a closed-end investment company (UTIB) licence by the Bank of Lithuania. Under the Company's Articles of Association, the Company will operate until 22 December 2046, with an extension possibility for additional term of twenty years.

As the Company obtained the status of a closed-end investment company, its management was thereafter undertaken by UAB INVL Asset Management ('the Management Company'), which is entitled to the Management Fee and the Performance Fee.

Based on the Articles of Association, for the sake of efficiency of the Company's activities and control over its investments, an Investment Committee shall be formed by a decision of the Board of the Management Company. The Investment Committee shall consist of 3 (three) members, to the positions of which the representatives of the Management Company (employees, members of management bodies of the Management Company, other persons appointed by a decision of the Board of the Management Company) shall be appointed. Members of the Investment Committee shall be appointed and removed from office by the Board of the Management Company. An approval of the Investment Committee must be obtained for all investments of the Company and for their sale.

The Company also signed an agreement on depository services with AB SEB Bankas, which acts as a depository of the Company's assets.

The Group consists of the Company and its directly and indirectly owned subsidiaries (hereinafter the Group, Note 5 of annual financial statements for year ended 31 December 2016).

The address of the office is Gynėjų str. 14, Vilnius, Lithuania.

The Group was established on 29 April 2014 by spinning-off from AB Invalda INVL (code 121304349) the investments into entities, which business is investment into investment properties held for future development, into commercial real estate and renting thereof. On 17 August 2015 the Former Parent Company was merged to the Company. As a result of the Merger the Former Parent Company ceased to exist and the Company changed its name to AB INVL Baltic Real Estate and became the parent of the Group. The reorganisation, being the legal merger only, had no impact on the consolidated financial statements of the Group, except for reclassification within shareholders' equity lines to reflect the change of the parent entity that consolidates the Group. Accordingly, it had no impact on the Group's assets, liabilities and performance measurement. Financial information that is and will be prepared by the Group for the periods after 17 August 2015 represents the continuation of the financial information prepared by the Group until 17 August 2015.

The Group has invested in commercial real estate: business centres and manufacturing and warehouse properties in Lithuania and Latvia. All the properties generate leasing income and most of them offer prospects for further development.

The Group seeks to earn profit from investments in commercial real estate by ensuring the growth of leasing income. When it makes business sense, the Company also considers investments in the reorganisation of its existing portfolio of properties, taking advantage of their good location.

3 Segment information

Management of the Company has determined the operating segments based on the reports reviewed by the Investment Committee that are used to make strategic decisions. The Investment Committee analyses performance of the Group on property-by-property basis of owned premises, while leased premises are reported on a combined basis. Performance is evaluated based on net operating income. Net operating income is calculated by deducting from revenue premises rent costs (excluding provision for onerous contract), utilities expenses, repair and maintenance expenses, property management and brokerage costs, taxes on property and insurance costs. Segment assets and liabilities are not reported to the Investment Committee. Management of the Company has determined following reportable segments:

- Owned property in Lithuania. The reportable segment comprises five operating segments on a property-by-property basis, which are aggregated. The operating segments have similar economic characteristics, because all owned premises are located in Vilnius, Lithuania. These are office buildings with some warehouse premises. Most of them have further development opportunities. All properties are multi-tenant. Corporate tenants dominate, but some premises are also leased to governmental and retail tenants.
- Leasehold property. They are located in Vilnius and Kaunas, Lithuania. These are office buildings and warehouses.
- Owned property in Latvia. Revenue is earned from warehouse located in Riga, Latvia.

The following table presents performance of reportable segments of the Group for the six months ended 30 June 2017:

	Owned property in Lithuania	Leasehold property	Owned property in Latvia	Total

Expenses and provisions

The Company is leasing premises from an external party until August 2017 under the lease agreement of 10 August 2007, except for one property, which is leased until the expiry of the current sublease agreement (31 December 2025). The Company had paid a one off deposit in the amount of EUR 825 thousand corresponding to the 6 months rental fee amount which will be set-off against the last part of lease payment at the termination of the lease. The rent payments are subject to an indexation at the end of August each year on the basis of harmonised consumer price index, if the latter is more than 1%, but there is a cap for annual indexation of 3.8%. In November of 2016 the amendment to the lease agreement was signed. According to the amendment, EUR 275 thousand of prepayments was set off against lease payables in 2016, EUR 167 thousand of prepayments was set off during the 1st half year of 2017 and EUR 283 thousand of prepayments has to be set off during the second half year of 2017, and EUR 100 thousand of prepayments has to be set off in 2025.

During the 1st Half Year of 2017 and the 1st Half Year of 2016 the Group has incurred EUR 813 thousand and EUR 688 thousand lease expenses under this agreement, respectively. Contingent rent constitutes EUR 134 thousand within this amount for each above mentioned periods. The lease expenses of the Group from other agreements amounted to EUR 12 thousand and to EUR 10 thousand during the 1st Half Year of 2017 and the 1st Half Year of 2016, respectively.

The lease agreement of 10 August 2007 is an onerous contract, therefore there is a provision of EUR 236 thousand and EUR 272 thousand to cover the loss anticipated in connection with this contract recognised in the statement of financial position as at 30 June 2017 and 31 December 2016, respectively.

The changes in the provision for onerous contract during 1st Half Year 2017 are presented below:
